

Finished Swinging Target

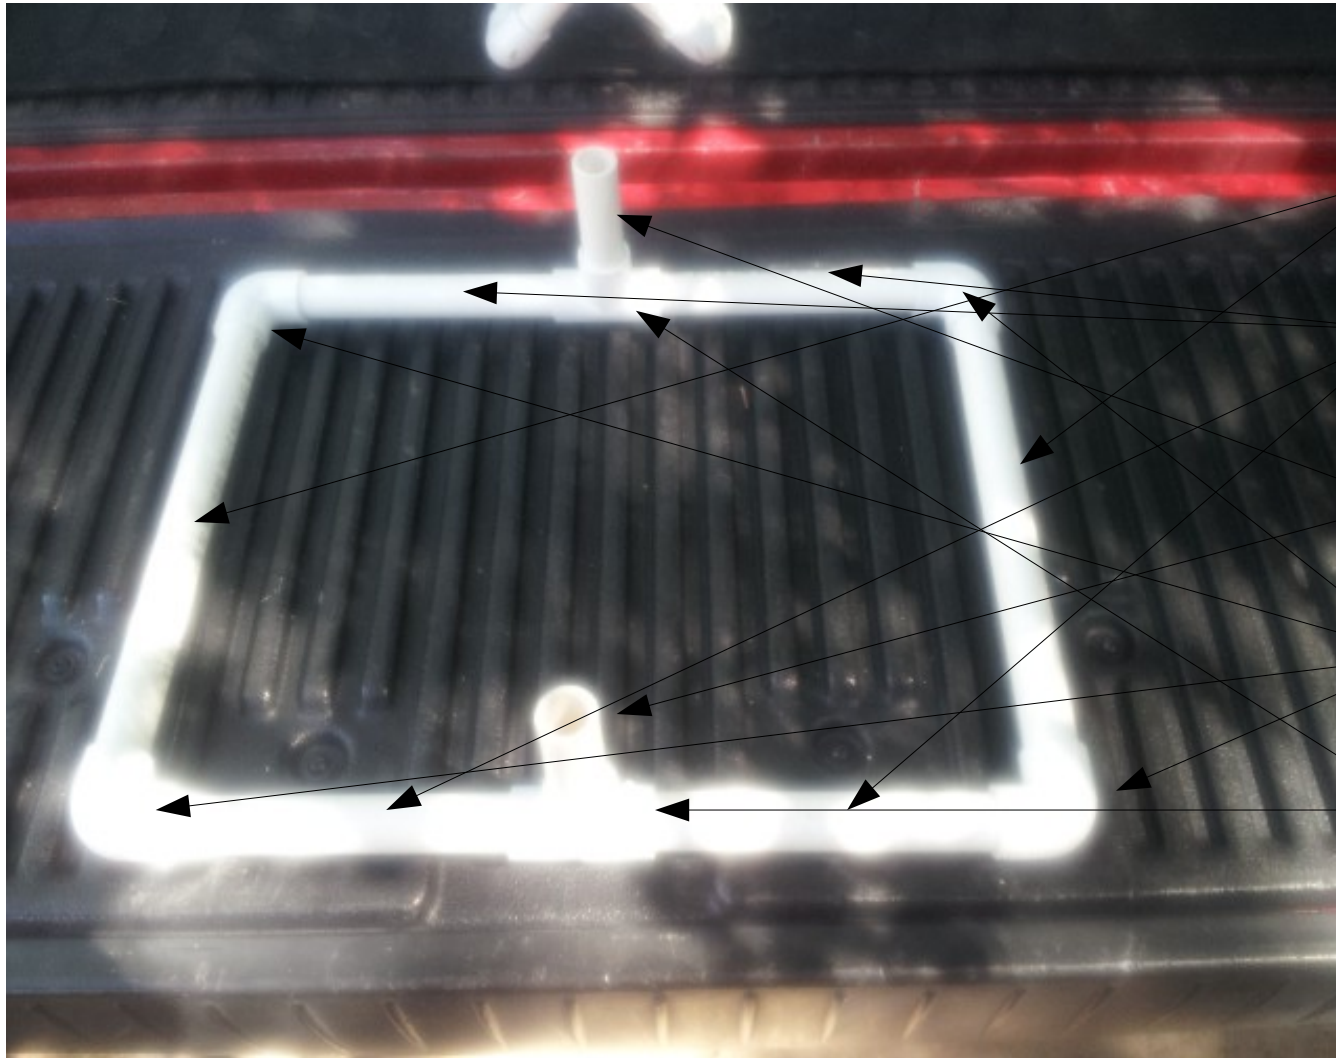

I just used packing foam that work was going to throw away.

Is a Great little target for little kids bows.

Might be OK for blunt tips and 25/30 yd shots.

When the arm is hit it will swing out of the way. Hit square and it will swing to other side.

Base Parts List
All use 3/4" pipe

2 – 12 1/2" pipe

4 – 8" pipe

2 – 3 3/8" pipe

4 – 3/4" Elbows

Total cost minus the can of glue I forgot to get.

This is the total parts list and if you go to Lowe's these are the part numbers as well.
